Saveo Sled® with Zebra® SE4750SR scan engine

Purpose-built for enterprise mobility, the Saveo Sled transforms the iPhone® into a fully capable field device, ruggedised, connected, and ready for the demands of modern operations.

Powered by a premium **Zebra® 2D** scan engine, it delivers fast, accurate barcode scanning in one compact, MIL-STD-810G certified, IP65-rated enclosure built to withstand dust, liquids, and drops.

Apple MFi certified® (Made For iPhone®) with simultaneous USB-C charging for both iPhone and scanner. *Optional single and 5-unit drop-in charging stations available for high-volume deployments.

Natively compatible with the broad ecosystem of the popular Linea Pro™ compatible applications to deploy into existing environments with zero disruption.

Saveo SDK enables for rapid integration for application developers, whilst **SaveoWedge** app enables instant scan-to-input for any app without coding, and the **SaveoSupport** app simplifies device configuration and setup.
